

Instant guide to wrap dimensions
for all popular vehicles

Wrap Dimensions

Instantly quote your next wrap job!

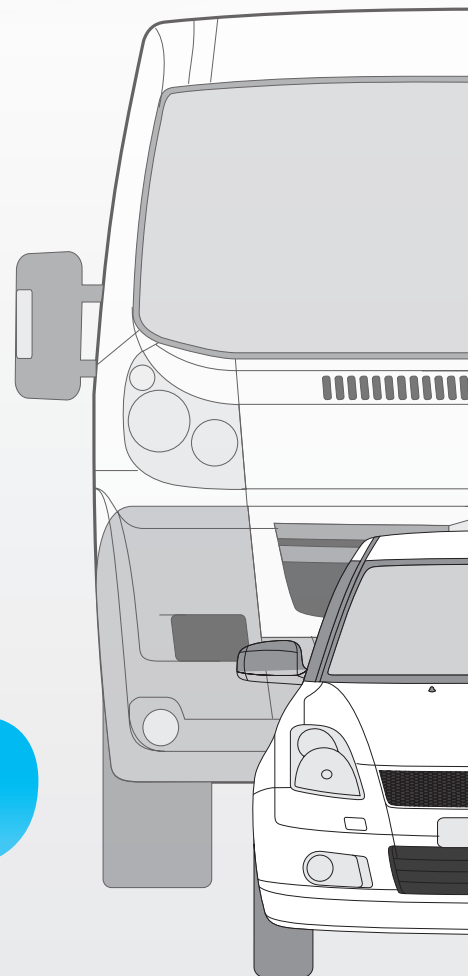

With **Wrap Dimensions** you get pre-calculated wrap dimensions for 333 popular vehicles. So the next time you're asked to price up a wrap job you won't need to do your own measurements!

Figuring out how much film or vinyl material you need to wrap a vehicle can take an age - and lead to costly mistakes. With **Wrap Dimensions** the work is done for you. Each vehicle is displayed with window film and vinyl wrap panels accurately illustrated and measured.

- Instantly quote wrap jobs
- Accurate measurements mean you don't OVER - or - UNDER order vinyl and films
- Save hours - no need to measure the vehicle or calculate how much wrap you need
- Provides accurate dimensions for window film AND vinyl

Both Imperial and Metric measurements supplied

Clear labelling system to ensure you get the correct vehicle area and wrap material

For each vehicle you get an exact-to-scale plan drawn from every angle: both sides, front, rear and aerial. Each elevation is overlaid with a tinted panel representing the vinyl or window film required. Precise dimensions for each sheet are provided.

With accurate measurements (in Imperial and Metric) you can price up your wrap job instantly - helping you to close the sale on the spot (without guessing or wasting hours with a tape measure and calculator). Wrap Dimensions will pay for itself with ONE wrap job!
